Safety Meeting

- We will also hold the **mandatory gun safety meeting** at the **Bob White Club** on **Monday, March 12st 2018** as well. This meeting will start **promptly at 7:00 PM**. **All shooters**, including those who have previously been in the program, **must** attend this safety course. No shooter may participate in live-fire practice until they have completed this safety course.

- **Practice**

- Practice sessions will begin **promptly at 6:30 PM** on Monday evenings @ Don Smiths'/Tina Snelling's (13194 James Drive Independence, KY 41051). There may also be some additional practice dates added, stay tuned. It is very important that you shoot every week. **Practices will begin on March 19th.**

Practice Basics

- **The top priority at all sessions, practice or competition, is Safety! Repeated violations of any safety rule will be considered as grounds for removal of the shooter from the SASP & SSSF Program.**
- There will be a sign-up sheet at each practice session. Every shooter **must** sign-in before being permitted to shoot. Shooters are expected to help setup and take down all equipment used for practice. **Participants are not to leave the grounds until all trash and spent rounds are picked-up and properly disposed of.**
- **In the event of rain on a practice date, please check your email to be notified of any cancellation by no later than 5:00p.m. If you do not have access to email, call one of the coaches for practice status. The email will come from scholastictrap@fuse.net or robgoodwin@fuse.net**
- **Equipment Requirements**
 - In addition to an appropriate pistol and/or rifle (discuss with coaches), **proper eye and ear protection must be worn at all times while shooting and observing on the range.** We will loan you these protective devices if you do not have your own. Each shooter will be responsible for their spent rounds. If you toss them on the ground you be **responsible** for picking them up when practice concludes.

Practice Details/Fees

- Each practice a shooter will shoot between 200 and 400 rounds, this is dependent on shooters shooting both pistol and rifle and on how many shooters attend practice.
- Each shooter must supply his/her own ammunition
- NKTG do have Team Buckmark .22lr pistols and Automatic .22lr rifles available during practices and competitions. Please see the coaches.

Competition Schedule (potential events for NKTG)
