

Range Rules

On the 3D course, colored shoot stakes are set at each target. Stake color indicates the maximum yardage to the target.

Shooting stake colors and maximum range from each stake to the target are shown below.

We will be hosting both IBO & ASA shoots so either of these color schemes may be on the course.

If the longest stake is blue use the IBO Max yardage, otherwise use the ASA

IBO Stake Color	IBO Max Yardage	ASA Stake Color	ASA Max Yardage
Blue	50	Black	50
Green	45	White	45
Red	40	Red	40
Yellow	35	Neon pink	35
Orange	30	Blue	30
White	25	Yellow	25
Neon pink	20	Green	20
Black	15	Orange	15

Shooting lane Width is 5yds on either side of a straight line drawn from the farthest stake to the target in the lane. Shots maybe taken from any location within the shooting lane.

Archery Range Fees

Other than shoots open to the public, members are able to shoot the 3D archery course whenever it's set at no charge.

Members pay to shoot the course when we have shoots open to the public, Thursdays and Sundays, as posted on the club website, <http://www.bobwhiteclub.org/>.

Members will be given a discount on all shoots.

Sign-in at the clubhouse is not required.

We are also in process of repairing the bag targets which remain out year-round and may be shot at no charge by club members other than during shoots open to the public.

Guests of members pay \$5 to shoot the course with the exception of those days with open shoots when the same fee is charged for all shooters.
