

Winter Trap Starts November 17

Come Out, Practice, and Have Some Fun!

- Open to all members and immediate family (wife, sons, and daughters).
- \$10 per shooter, each month. All proceeds go toward the prize paid to the winning squad each month.
- Shooters will be divided each month into squads by random draw. Shooters will be spread out based on skill level (Class A and B shooters will be spread out first and then squads will be filled out with Class C and D shooters).
- Squads will shoot at 50 targets (25-singles/25-handicap) each month. Handicap distance will equal each squad's Singles average + two yards; minimum distance for handicap will be 20 yards.
- We will drop the lowest single score on each squad and average the remaining scores. The winning squad each month will be the one with the highest average. Ties will be settled by a 10 bird shoot-off by tied squads from the 27 yard line, until there is a winner.
- We will also have the following options: Lucky Number, Longest Run (front-to-back; back-to-front, 25s, and 50s
